LIVINGSTON

Dr. M. Pennington, Judge L. W. Bethurn and Edgar S. Albright, were here between trains Wednesday. — We are having one of the coldest spells that we have had for years, and when one meets the cold wind that has been blowing for a few days, it makes him think of the song that starts off like this: "From Greenland's Icy Mountains", and then the next verse we want to sing starts like this: "In the Good Old Summer Time." Bill Niceley says we democrats arrange the prices on coal, regulate the prices on food and he wants us to get hold of the weather man and have a change made in the weather. — J. A. Oliver, the Winchester salesman was with our merchants Tuesday. — C. C. Davis, of Mt. Vernon, was here between trains Monday. — Mrs. Ab Wolf, who has been quite sick is slowly improving. — Mrs. Cleo Griffin is visiting relatives in Cincinnati this week. — W. A. Owens, the sweet singer of the Quail section, was here to see his brother-in-law, J. H. Walton, who is very low. — J. P. E. Drummond, who stepped off No. 32, the fast Cincinnati train last Thursday and had the misfortune to break his leg, was taken to London to the hospital and is getting along nicely. — A Mr. Poff has moved into the house on Maple street, vacated by D. B. Rambo. — A. W. Bourne, who has been first trick operator at Sinks for quite a while, has taken a position at Paris, Ky., and moved his family there. — Mrs. W. T. Amyx is visit-

ing her daughter, Mrs. Earl Rice, in Louisville, this week. — Mrs. John O. Henson, who has been living on Gauley branch until the death of her husband, John O. Henson, has moved to her son's, G. W. Murphy, and will make her home with him. — Earl Rice, of Louisville, was in to see his parents, Mr. and Mrs. C. E. Rice. — C. E. Rice will, in the near future, move into the River Mansion Hotel and will try his luck at the hotel business. — Jerry Jewell, who was killed by the slate falling on him in a mine out in Bell county, was brought here for burial. — Levi Oliver has moved his family to Gauley branch, and John Ball has moved into the house vacated by Oliver. — D. B. Rambo, who has been quite sick for some time, is able to be at his post again repairing cars. — Thomas Farley informed us that he had a 25-lb. turkey for Christmas dinner and everybody was cordially invited that had fifty cents and wanted to invest it for a Christmas dinner. — Miss Ella Bell Newland, of Brodhead, was here between trains Monday, en route home from Richmond. — Our friend at Brodhead says we will try to claim poverty as our defense for the good little town of Livingston not donating more freely to the Y. M. C. A. My friend, we will say there you are wrong again. While Livingston is considered a railroad town and while wages run from \$1.33 to \$10 per day, about one-half the citizens work for the company and since the cost of living "has went" upward in leaps and bounds, it takes all some can

make to keep even, and there are others that have money in the banks, and there are some that pay over \$100. taxes. Mr. Robins we do not wish to be placed on the delinquent list. We made a mistake in our last letter concerning the Liberty bonds purchased. We should have said that they had purchased \$25,000. worth of bonds instead of \$2,500., which we said. Now we don't think that our algebraic education caused us to make this mistake, perhaps it was your first part Ray's arithmetic that we were using that caused this. Yes, we mentioned what you said about the nose, but the reason we did this is, you being so patriotic, we thought you would be sympathetic. Livingston has always done her part in helping the needy, giving to the unfortunate. As far as anyone being disloyal to the U. S. we do not believe we have one in our town. So, my friend, just because we did not come up to what you think we should, do not class us a German, or a German sympathizer, for when Uncle Sam wants us or can use us to an advantage, we are ready to answer the summons, as we believe this is just patriotic as all the gold of Ophus or the silver of Peru. Our friend seems to dwell on our electric lights, but Livingston is not one jot or tittle ahead of Brodhead for they could have gas lights, if so much was not used through the Signal.

"Judge J. M. Robsion Opens Campaign for Congress In Clinton County to a Crowd- ed House.

ALBANY, KY., Dec. 6, 1917.
Last Monday was the first day of the December term of the Clinton Circuit Court. At 9 o'clock Judge Bethurn called Court to order, then instructed the grand jury, but adjourned court at 10 o'clock in order to give Judge Robsion an opportunity to address the citizens of Clinton County. Judge Smith, our County Attorney, presided, and after urging upon the audience the importance of selecting a strong, vigorous man to represent us in Congress at this time, introduced Judge J. M. Robsion, of Barbourville. Mr. Robsion made one of the most brilliant as well as one of the ablest speeches ever heard in the Clinton Courthouse. The large audience gave him rapt attention for nearly two hours. He is able, logical and brilliant, and Mr. Powers certainly has a strong fellow after him this time. His speech was well received and roundly applauded. He made scores of friends in Clinton County by his speech. If he keeps this up, this end of the district will get up and shake itself, and Robsion will be in the fight down here.

BRODHEAD

Willie Vance, of the 10th Field Artillery, Douglas, Ariz., was with his sister, Miss Dora Vance last week. He is expecting to be called to France any hour. He spent several hours at the Graded school telling of his experience as a soldier. — Carr Singleton, a good farmer living near town, found a ear of corn a few days ago with all the colors of the American flag, red, white and blue. This ear of corn is on exhibition at John Robins store. — D. B. and Chas. Chandler bought a farm from Morgan Helton last week for \$2000.00. This farm brought \$900.00 about two years ago. — Frith Bros. sold fifty acres of land adjoining W. J. McQueen's farm to John Shivel Thursday for \$2,000.00. — John Soard sold a small tract of land to Babe Sigman last week for \$600.00. — W. J. Sowder was in London last week a member of the Federal Grand jury, and from there he visited his daughter, Mrs. W. A. Robins at Corbin. — Mrs. Byron Owens, of Louisville, is with homefolks this week and will remain here until after the holidays. — Mr. and Mrs. A. M. Hiatt were in Louisville the first of the week. Mr. Hiatt returned Wednesday, but Mrs. Hiatt will visit relatives there two weeks before returning. — Well honestly that Livingston friend of ours had us scared, and bad scared too. He boasted about the vivid lightning shooting its fiery darts toward the earth and would strike near Brodhead and etc, but we found there was more feathers than owl that time, and are reminded of the story Jim Maret told of the burley policeman arresting our friend some time ago, when Owens said "go away, you can't arrest my attention," and his long prepared reply actually didn't arrest our attention, tho we will mention a few things, or rather reply to some of his queries. In the first place he says Livingston has given some of her boys to Uncle Sam, and asks if Brodhead can say more. No we can't say more but we can sure say as much. A number of boys are in training and among them them two Captains and other officers too. He admits that seventy-three dollars was all the Y. M. C. A. got there, and really I thought they had given more. Then he says "we gave \$2,500.00 in the purchasing Liberty Bonds, and wants to know if Brodhead did so well. Possibly not, but we had one man here purchased \$10,000.00 worth of the same bonds, and besides a number of others bought bonds too. He said we paid \$2600.00 toward the Dixie fund, and you didn't. Well we had no occasion too, being seven miles from the nearest point, and besides they had to give in order to provide a way to get out. It was either provide a road or an elevator and we feel that chose the better way, that is the landing might be better. Then he finished up by either calling us

"high colored class or the kid glove Johnnie". If we belong to the colored race we didn't know it and know nothing of the kid glove Johnnie race.

The Council of National Defense

The Federal Government has called on Kentucky, in no uncertain terms, for 25 per cent. increase in the pork production. Rockcastle County can easily add her 25 per cent. and by so doing have thousands of dollars more next fall than we have this. But more pork will mean we must have more corn. These cold days are a good time to plan how to increase our corn acreage, engage fertilizer and resolve to make next years crop 25 per cent larger than this year. It can't possibly do any harm. All the corn you can cultivate well will be a cash asset next year. It is desirable to impress everybody with the importance of making the production of this county supply our needs and have a sufficient surplus to pay our war tax. It is well to have in mind that the people of this county are paying more than \$100. per month war tax, and this will be doubled by the income tax. With increased production we can hold our own. If we do not increase our production we will be bankrupt before the war is over. None of us are losing any time in finding a market for our corn this year, so when the snow gets off, get busy—not only planning, but go to work every day getting your land ready. You know a crop is half made when planted if the soil is prepared right. Talk farming with your neighbors; get better acquainted with him; like him and he will like you; help him and he will help you. To win the war we must be an united people. Let us unite on this corn and pork raising next year.

CATARRHAL DEANESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, 75c. F. J. Cheney & Co., Toledo, O.

"Well, George," said the president of the company to old George, "how goes it?"

"Fair to middlin', sir," George answered as he continued to curry the old horse. "Me an' this here hoss," George said, "has worked for your firm sixteen years."

"Well, well," said the president, "I suppose you are both pretty well thought of."

"I'm," said George, "the both of us was took sick last week, and they got a doctor for the hoss, but they just docked my pay!"

George oughtn't to complain. The company paid him each day for his work. They fed the horse every day for his work. The horse knew nothing and could do nothing but eat his oats as they were given him. He had no way to prepare for the future.

But it was different with George. He had the advantage of mind—the advantage of laying away each day for sixteen years a little bit to take care of him when he was sick or laid off.

Comments On Rev. F. M. Jones' Attitude Toward the Work of the Y. M. C. A. As Indicated By His Answer To Ed Gentry

We read with deep concern the statement of Ed Gentry with reference to the unpatriotic declarations of "Rev." F. M. Jones, of Livingston. We had no desire to comment on it and would not now, except for the fact that Jones answered the charge in the last issue of the Signal.

We do not know this ministerial agent, but his own article thoroughly convinces us that Gentry was right in the main. Jones admits that while the raising of money was going on, he did condemn certain things in the Y. M. C. A. work but says he, "God's record will show that I did not call them gambling bells or dens." He can prove nothing by that, as no one here has access to that record. He further says, "But I did say that certain games that they run will learn the boys how to gamble." In the first place this statement is untrue. By this false accusation he again shows his opposition to and criticism of the Y. M. C. A. and that at time when nothing but praise should be spoken.

Then after referring to the failure of the good people of Livingston to raise the expected amount, he adds, "I did not hinder them. They are doing like me, just as they please." Out of his own mouth he again convicts himself. This language clearly shows that he did not assist in this great and noble work but was, by word and action, then willfully handicapping and discouraging it. The Y. M. C. A. is the hand-maid of the pulpit and had Jones been performing his duty to the government as well as to the church, he would have been earnestly and enthusiastically soliciting and urging contributions to this most worthy cause. Had he done so, Livingston would doubtless have been proud instead of ashamed of the amount given to protect the morals and provide christian homes for our boys in the army. No man or community has a right to do as he or they please just now. Every loyal citizen will give his last penny if need be, his best service, yea, even his life for his country. Rockcastle boys are gladly doing this in going to the front. Any man who is willing to do less is not a loyal American.

To day we have only two classes of citizens in this country, Americans and traitors. A man who had such a conversation at this time as Gentry details and which, in part Jones confesses, to say the least is not in sympathy with the plans of our government in waging this war. Shame on him for such disloyalty!

With reference to the slur on the people of Livingston, which Jones did not intend except to so far as their failure reflected on them, and the ruin of the church, as well as to what Gentry should have said in a public address, is mere twaddle, intended solely to divert the minds of the people from him and is a most feeble effort on his part to dodge the real and only question—his loyalty to his own country.

Three cheers for Ed Gentry! He is justly entitled to the praise of every patriotic citizen throughout the world for pointing out the enemy within. If there should be another like Jones in our midst, he should be exposed. This is no time for traitors, slackers and idlers. Every man must stand to his gun, with his finger on the trigger. The price of peace, which we intend to have, is war. Our slogan is, "Over the top to Berlin!" Blood is in our eyes and determination in our hearts. The war must be won. In spite of such men as Jones our brave boys are on the way to capture the enemies of right, the murderers of innocent women and the assassins of little children. We congratulate the people of dear old Rockcastle for their hearty response every time they have been called on to defend the flag and to protect our country. May her people intensify their farming, increase the production of bread, bacon and beans, encourage the boys in the trenches, pray for a speedy victory and safe return to home for every blessed one of our soldier boys.

RICHARD G. WILLIAMS.

Food Conservation Meeting in Louisville

In spite of the blizzard and the consequently poor transportation facilities, the special meeting of County Chairmen of the Food Conservation Campaign was attended by about thirty chairmen from various counties of the State. The meeting held in the Auditorium of the Seelbach, was addressed by Mr. Sackett, Federal Food Administrator for Kentucky, by Miss Sweeney, State Chairman of Home Economics, and by Dr. Wilbur, President of Leland, Stanford University, Mr. Hoover's first assistant and direct representative. Dr. Wilbur has not only worked with Mr. Hoover, in Washington, but has been abroad to study conditions in the warring countries. His appeal to the people, through the County Chairmen, to conserve food, as the only means of saving our boys and of winning this terrible war, was most impressive and eloquent.

The follows extracts from his talk may help us all to realize the gravity of the situation: "If the war should stop now, Germany would realize her dream of Middle Europe, and would have

200,000,000 men from whom to draw soldiers. Russia has failed and Italy weakened because of lack of proper food. No government can stand against empty stomachs. We must either feed our allied armies or prepare to send our own boys to replace those who fall. We have already shipped our surplus wheat to them and it is not enough to go around. It is absolutely necessary for the American people to save 130,000,000 bushels of wheat by using wheat substitutes, or our soldiers will starve and we will lose the war. Hence the request for wheatless days. We have a surplus of corn and other grains that cannot be shipped. We must send bread now or blood later. Which is it to be? It is also necessary to save meat—beef, pork and mutton, sugar and fats, for without fats the soldiers' wounds will not heal.

Our fighting machine is only twenty per cent efficient, while that of the enemy is ninety per cent efficient. While our army and navy are being prepared for the struggle, our only way of holding off Germany is by sending food to the allies. If we fail to do this we lose the war—a prospect too terrible to contemplate. We must see this war goes through for the sake of future generations and to "make the world safe for democracy."

The Food Conservation Campaign recently conducted in the United States and resulting in the signing of the pledge card by 12,000,000 families, is a direct attack upon the submarine Rockcastle's record in this campaign shows that only twenty-five per cent of the families of the county signed the card. When the next call is made by the Food Administration, will not every family show its patriotism and loyalty by falling into line and by complying willingly with any plan presented by the government for saving the necessary food for our army and for the allied forces.

M. I. BRADLEY,
Chairman Food Conservation.

PASS CHRISTIAN NEWPORT

Pass Christian is the Newport of the Gulf Coast, and one of the most fashionable and popular resorts in the South. The town of about 2,000 permanent population, is very generally engaged in entertaining and serving the large numbers who come here, summer and winter, for recreation. Society congregates at "The Pass" at all seasons—the summer guests coming from neighboring southern cities—the winter throng from all parts of the North.

Pass Christian was named for a Spanish explorer who discovered the deep-water paps that lies close to the main shore. It is an old and much honored settlement, having been a popular resort from far back in antebellum days. Tradition associates it with the gayest of southern society and with men and women famous in high social circles of this and foreign lands; President Wilson is one of Pass Christian's recent notable guests. Its location is one of the choicest on the coast. The low-lying shore slopes upward to wooded hills, where pines and splendid

old oaks, magnolias, palmettos and a variety of tropical vegetation grow and flower and flourish luxuriantly, while fine old homes elegant modern villas and charming bungalows line the avenues and driven along the shore. Life is ever active at The Pass; there is boating, motoring, golf, tennis and fishing by day and dancing and all other indoor festivities for the evening. Christain boasts of one of the finest golf courses anywhere in the South.

Its proximity to New Orleans and excellent transportation service over the Louisville & Nashville Railroad places all the diversions of the metropolis within reach of visitors at Pass Christian, who make a day for shopping in New Orleans and return in time for dinner, which is one of the social functions at the Pass; or, remaining in the city for dinner, you can return at your pleasure later in the evening.

The hotels rank with the finest in the country, and there are many delightful old country homes, where good board and real southern hospitality are found. The inland country back of Pass Christian is beautiful, and many charming drives may be taken over the excellent roads, among fine, productive fruit and truck farms, which ship much of the early garden stuff that is so eagerly sought in northern markets. The fishing in St. Louis Bay and the tributary streams is excellent, many anglers finding their best sport in the little rivers and streams of the immediate interior.

Across the bay from Pass Christian is the somewhat exclusive cottage resort of Bay St. Louis, a place much frequented by residents of New Orleans, who own cottages and bungalows

Keep the Wheels of Industry Going 'Round

The automobile helps the nation's war-time transportation problem, keeps the wheels of industry going 'round by keeping man and merchandise moving, —and good tires help the automobile keep going, —good tires like the United States 'Chain' Tread Tire, —the tire of long mileage—of low mileage cost, —the tire of supreme anti-skid and traction service. The 'Chain' Tread's vast sales increases are the positive evidence of supreme service and mileage. Try 'Chain' Treads—and make comparisons for yourself.

and come here for the water sports and the fishing. It is also popular in winter with many northern people who prefer the quiet of cottage life, with the accompanying freedom for outdoor sports, to the gayer and

more fashionable routine of the larger neighboring resorts. Pass Christian and Bay St. Louis are reached only by the modern steel passenger trains of the LOUISVILLE & NASHVILLE RAILROAD.

Carefully Treat Children's Colds

Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors. Plenty of fresh air in the bedroom and a good application of Vick's "Vapo-Rol" Salve over the throat and chest at the first sign of trouble, will keep the little chaps free from colds without injuring their digestions. 25c, 50c, or \$1.00.

was a merchant from his twen-
tieth year until a few years ago,
when old age required him to re-
tire from business. He made a
success of this life. He was a
man of extraordinary habits—
regular in everything he did. He
never drank intoxicating liquors.
To this and his regular habits he
credited his longevity. He ear-
nestly wished to reach the hun-
dredth mile stone. He was once
elected to the State Senate of
Illinois. He had five children,
two girls and three boys. They
were all college graduates and his
sons were successful lawyers.
The world is better by reason of
his having lived in it. He was a
subscriber to this paper since its
foundation.

NOTICE TO REGISTRANTS
Do not forget to notify your
Local Board of any change of ad-
dress from that given when you
registered last June 6th. Your
Questionnaire will be sent to the
address now on file at the office
of the Local Board, and if you fail
to get it, such failure is not a
legal excuse to prevent serious
penalty. Don't forget you have
but seven days in which to re-
turn Questionnaire with all sup-
porting affidavits. If your Ques-
tionnaire is not returned within
that time, you are automatically
placed in Class 1. Any Regis-
trant, or any other person con-
cerned, desiring to make any
claim in respect of a Registrant,
must do so within the seven day
allowance for that Registrant,
otherwise this privilege is lost.
Do not fail to consult with the
Legal Advisory Board. Their
service is free to you, and they
will be glad to help you.

Two literary societies have
been organized and are doing fine
work. One of the societies is in
the 7th and 8th Grade Room and
the other is for the High School
Department.

Mr. C. C. Willins attended the
first meeting of the High School's
Society and presented them with
a gavel made of wood, secured
from Mt. Vernon, the home of
George Washington.

It is hoped that in the near fu-
ture these societies will be able
to have an open session.

146 were neither tardy or ab-
sent during November. Parents
let us urge you to help us bring
this number to 200 this month.

We have paid our Y. M. C. A.
pledge in full with \$1.50 over
what we subscribed. This made
the total paid by school and fac-
ulty amount to \$51.50.

On Friday Dec. 21, the Girls'
Declamatory Contest will be held.
There will be special music in
connection with the contest.

The entries are as follows:—
Ben Hur's Chariot Race—
Low Wallace

Marion Kincaid
Goins' Somewhere—
M. Quad.

Dessie Nicoley.
The Teacher's Dream—
W. H. Venable.

Julia Landrum.
The First Piano in a Mining Camp
Sam Davis.

Flora Pitman.
Toes United in Death—
Annette Cox.

Liberty and Union—
Dapiel Webster.

Ruby Cooper.
There is a God—
Onie Silvers.

Kentucky Belle—
C. Fennmore Woolson.

Verna Welch
The Whistling Mother—
Grace S. Richmond.

Ruth Landrum.
Liberty—
Frank E. Brush.

Sidney Crawford.

The Program given last Wed-
nesday was one of the best yet
rendered. All of the children
taking part were at their best.

We were glad to have about
fifty patrons present and feel
they were repaid for coming.

Parents let us urge you to come
to these programs as far as
possible. The interest shown by
the parents in school work has
a great deal to do with the ad-
vancement of the child.

Livingston School

Notes.

In this age of big and unex-
pected happenings it seems very
hard for people to realize that it
is the little things that count,
that, really, back of everything
is the home, the church and the
school. In the excitement of the
times, if we neglect these essen-
tials, we lose even though we
are victorious in this great war.
Oh, we are not kicking mind
you! We are too sleepy to kick,
possibly too lazy. Wonder if
some people could be aroused on
the Firing-Line. Oh, yes, of
course, the school is progressing
as well as and perhaps better
than we expected, but still we are
sleepy; too many of us are of the
"snoozy" kind with about as
much life as a sick kitten and
about as much chance for suc-
cess.

The work of the third month
of this term is much better
than the first or second which is
very encouraging. A small num-
ber made splendid grades. Miss
Bertha Summers leads those in
High School, being the only
member on the Honor Roll this
month.

6th grade—Roxie Smith, Lo-
retta Pickett, Lillian Hausel, Ge-
neva Griffin, Fred Clark, Robert
Waddle, Other Oliver.

5th grade—Grace Rne. Bessie
Dees, Elizabeth Rue, Ida Clark,
Lucile Hausel, Angela Fallas,
Hazel Griffin.

1st grade—Pearl Stallworth
Beulah Black.

RUPTURE EXPERT HERE.

F. H. Seeley of Chicago and
Philadelphia, the noted truss ex-
pert, will be at the Glyndon Ho-
tel and will remain in Richmond
Thursday only Dec. 20. Mr. See-
ley says: "The Spermatic Shield
will not only retain any case of
rupture perfectly, but contracts
the opening in 10 days on the
average case. This instrument
received the only award in Eng-
land and in Spain, producing re-
sults without surgery, injections,
medical treatments or prescrip-
tions. Mr. Seeley has documents
from the United States Govern-
ment, Washington, D. C., for in-
specution. All charity cases with-
out charge, or if any interested
call, he will be glad to show same
without charge or fit them if de-
sired. Business demands pre-
vent stopping at any other place
in this section.

P. S.—Every statement in this
notice has been verified before
the Federal and State Courts—F.
H. Seeley.

MT. VERNON, Ky.,
Dec. 14, 1917.

Sealed bids will be received at
this office for the construction of
two 30-foot T-Beam Slabs or one
60-foot clear span over Clear
Creek, Wildie, Ky., until noon
Dec. 22nd, 1917. Plans on file
in office of County Road Engineer.
Fiscal Court reserves the right
to reject any or all bids.

F. H. MATTINGLY,
Road Engineer Rockcastle Co.

NOTICE:—Because of a correc-
tion which had to be made on tax
books for Graded school, was de-
layed in collection of tax and
penalty was not added Dec. 1st.
But to those who have not paid
by Jan. 1st, I want to say that I
have been instructed to collect
the full penalty in every case. If
your Graded School and Town
tax are not paid by Jan. 1st, you
may expect to pay the extra cost.

Red Cross Notes

If our Red Cross Chapter has
not been the success it should
have been, it is our fault—no in-
dividual but the membership as a
whole. Some have done more
than others but none of us have
given it the earnest attention that
is required to make this great or-
ganization reflect credit on our
county, as well as be of service
to our deserving poor.

Mrs. B. S. Albright has been
made Corresponding Secretary
for this Chapter and will help out
Mr. Durham in this, the most
arduous job in the chapter.

This Chapter has ordered sup-
plies for a First Aid to the Injured
Class in Mt. Vernon. Dr. Walker
Owens will instruct the first class.

We are now organizing a Home
Relief County and will soon be
ready to help deserving destitute
in this county.

The Knitting Committee re-
quests all who have finished goods
to bring them in, also all scraps of
yarn, as several garments are not
finished on account of small
amount of yarn. We have \$25.00
worth of yarn somewhere in the
hands of the express company.
But on account of the rush of ex-
press it may not reach us for some
time.

This Chapter is planning to
give a meatless and wheel-less
banquet. Help think out how
it can be done.

ARMY Y. M. C. A.
Camp Taylor, Ky.
Editor, Mt. Vernon Signal,
Mt. Vernon, Ky.

Dear Edgar:—
Owing the awful weather
conditions, I did not receive the
Signal until this afternoon and
then had to go to the post office
after it. We have been complet-
ely isolated since Friday as far as
any travel except walking was
concerned until this afternoon,
the trucks and cars began to
run. There must be at least
150 men in the small Barrack
which we are using for a Y. M. C.
A. here. It is not a regular
building, but the need was so
great that the Government is al-
lowing us to use one of the bar-
racks until a building can be
erected. A crowd of boys are
around the piano playing and
singing "Good by mother, I'll
be gone for a long, long time";
another crowd has the Victrola
going; still others are reading,
writing, playing checkers and
dominoes, so if there are any
mistakes in this letter, I will ap-
preciate you correcting them.

Were Brother Jones' letter a
personal controversy between
him and me, I would ignore it
altogether, but he says I made
untrue statements. I will sign
my statement and swear to it,
if he will simply swear to the
people what he did not say and
not try to tell them what he did

say. I wrote that article in de-
fense of the Army Y. M. C. A.
and not in defense of any part I
had in it. I wrote it to the peo-
ple of Rockcastle county and not
to Brother Jones. I was not
eavesdropping, because he was
talking so as to be heard any-
where near him, and was heard
by several including W. H. Sow-
der, of Brodhead, who heard just
what I did and I hope he will
publish a statement to that ef-
fect, besides Cecil Hays told me
that he used practically the
same language in a sermon at
Union Church a short time ago.
The word of these men cannot
be doubted, and they are both
Baptist. If I am lying about
the work of the Army Y. M. C. A.,
Victor Price, Fred McFerron, Ar-
thur Dodd and John Lair are al-
lying.

I also want to say to the good
people of Livingston and Rock-
castle county and especially my
Baptist friends that I made no
attack on Livingston or the Bap-
tist Church. The Livingston
people are my friends and I have
tried to be theirs. I am not
trying to destroy the Baptist
Church. On the other hand, I
am working here under Dr. E.
Y. Mullins, Pres. of the South-
ern Baptist Theological Semi-
nary, Louisville, Ky., recognized

by the world as an author, schol-
ar and one of the biggest Bap-
tist in America. He is the head
of the Y. M. C. A. religious work
in Camp Taylor. I had a talk
with him at the Administration
Building this morning and he is
one of the most enthusiastic Y.
M. C. A. men I have met since
I came here. No friends, I am
not here for any harm to any one
but to serve if possible these
boys who are giving all they have
to protect the people of this
county, Brother Jones as well.
In regard to his reference to
what I said at Livingston when I
went there at the request of
some of the people to speak at
their flag raising, I want to say
we are not discussing my patri-
otism, nor Brother Jones' patri-
otism. I am not discussing
what I know or what he knows
about Germany, I am simply de-
fending, purely impersonally, the
work of the Army Y. M. C. A.
against an unfounded, unjustified
ignorant attack which I heard
with my own ears. I would like
for you to publish this letter and
before it goes into print, I will
have signed a contract with the
Y. M. C. A. for the period of
war, with a provision to go to
the foreign field as soon as I
have proper training.

Very truly,
E. R. GENTRY

Spence Speaks to the Farmer

MORE PORK.

Sows must be bred at this time in large numbers in order to insure adequate meat supply. To win the war we need meat. To get an increased meat supply quickly hog breeding must be increased materially over all the country, and in certain States an increase of from 25 to 50 per cent in the number of hogs is recommended by the United States Department of Agriculture. The situation is of great importance that we must have plenty of meat for our army and the army of the Allies, and sufficient meat for our civilian population and the civilian population of the allies at home. To have this meat breeding animals must reproduce themselves so the offspring will be available for slaughter in the near future. Hogs can be increased quicker than any other kind of live stock, therefore a larger number of sows must be produced than in recent years.

HOG CHOLERA

Hog cholera is a dreaded disease and is now raging in Rockcastle County. There are efforts being made by the County Agent and the Extension forces to eradicate this disease and there must be a concerted effort made by the farmers in the hog cholera section, or else hogs will continue to die. All dead hogs should be buried or burned. When buried the body should be covered with lime and covered four feet with dirt. Neighbors should be notified of sick hogs in the community. Well hogs should be vaccinated and separated from the sick ones. Sows to be kept for breeding purposes should be given a double treatment making them immune from cholera.

There has been enough hogs lost in Wildie and vicinity to pay for the vaccination of every hog in Rockcastle County, and then have some money left for the war Y. M. C. A. work. Dr. Crisler of the State Extension Department and County Agent Spence spent Monday and Tuesday of last week at Wildie, vaccinating and laying plans for

Last Notice TO TAXPAYERS Of Rockcastle County

Your taxes are long past due and I must wind up the Sheriff's business by the first of the year,

As I am compelled to collect all taxes by the first of the year, as you know that I am a poor man and not able to pay them for you.

It is much easier for you to raise \$4.00 or \$5.00 than it is for me to raise seven or eight thousand dollars, as you know that I am under bond for all taxes and must collect same as you know that I have been very lenient with you and haven't pushed you. But the time is at hand when I have to collect these taxes so please be governed accordingly and if your neglect causes me to have to levy on your property then don't blame me, as it is as much your business to call and settle your tax as it is mine to collect, so please arrange and settle with me.

If you haven't paid your tax you know it and if you have you know it.

CAM MULLINS,
SHERIFF ROCKCASTLE COUNTY.
